WILD LOTUS YALA MENU

Family style dining. Meals at WIld Lotus Yala are served family style (one set menu order is served in large dishes and shared between your group) as our villa kitchen operates more like a home kitchen than a restaurant. We, however, know firsthand what it's like to have picky eaters in the family, so we can make some a la carte orders depending on the time of day and number of guests we are cooking for at the moment, please just ask us.

Good food takes time. All of our ingredients are locally sourced fresh each day. A set menu order needs to be taken 3-4 hours before serving time (last possible serving time is at 8 pm) to give our team plenty of time to shop and cook for your group. Please discuss your meal plans with our manager early in the day, or even better- the day before.
